

# Artiom Filkevich

Front-end Software Engineer

Poland, Warsaw

## ABOUT

I'm a front-end developer with 4+ years of experience, with knowledge of React and growing interest in full-stack development with Node.js.

## WORKING EXPERIENCE

### SENLA

Jul 2020 – Present

#### Senior Software Engineer, NDA project

- Rewrote 3 different front-end applications from React 16 to the latest version and using a new tech stack.
- Designed the architecture of the applications.
- Fixed all the backlog bugs during the upgrades.
- Simplified the front-end development by creating a mock servers.
- Mentored other developers and conducted code reviews.

#### Software Engineer, NDA project

- Implemented an MVP of a full-stack application from scratch using React, Nest.js and MongoDB.
- Worked directly with product managers and stakeholders.
- Collaborated with designers to create an intuitive and user-friendly interface.

#### Software Engineer, NDA project

- Developed new modules for the application, enhancing its functionality and usability.
- Optimized performance by using lazy loading for images and components, virtualization for long lists and composition with caching mechanisms of React for slow components.
- Wrote unit tests using Jest and e2e tests using Cypress.
- Participated in code reviews, project planning and estimation tasks.

#### Software Engineer, NDA project

- Created user interfaces based on design specifications.
- Collaborated with back-end developers to define API requirements.
- Automated repetitive tasks using Gulp.
- Engaged in Agile/Scrum development processes, attending daily stand-ups and sprint meetings.
- Conducted project planning and task estimation.
- Fixed backlog bugs and improved application performance.

## SKILLS

### Front-end

Javascript, Typescript, React.js, Next.js, Redux, Redux Toolkit, RTK Query, React Hook Form, Formik, Yup, Zod, Three.js, GSAP, HTML, CSS, Sass/SCSS, Styled Components, Material UI, Ant Design, Webpack, Vite, Npm, Yarn, Pnpm, Module Federation, Cypress, Jest

### Back-end

Node.js, Nest.js, Express, Javascript, Typescript, MongoDB, Mongoose, TypeORM, CI/CD, Github Actions, Nginx, Docker, REST

### Design

UX research, Wireframing, Prototyping, Usability Testing, Figma

## LANGUAGES

English – Upper Intermediate

Russian – Native

## EDUCATION

Baranovichy State University

Information Systems and Technologies,

Engineer-Programmer, 2013 - 2017

## WORKING EXPERIENCE

### Software Engineer, NDA project

- Developed and maintained user interfaces for web application using React.
- Integrated third-party APIs and libraries into the application.
- Implemented responsive design.
- Implemented basic animations and interactive elements to enhance user experience.
- Fixed backlog bugs and improved application performance.

### Junior Software Engineer, NDA project

- Developed and maintained user interfaces for web application using Vue.js.
- Fixed minor bugs and implemented enhancements based on feedback.
- Collaborated with senior developers to understand project requirements and implement solutions.
- Participated in code reviews to learn best practices and improve code quality.

### IQUADART

Jul 2019 – Jul 2020

#### IT Sales Manager

- Conducted market research and identified potential clients.
- Built and maintained relationships with key clients.
- Prepared and delivered sales presentations and proposals.
- Negotiated contracts and closed sales deals.

### LIKEIT

Jul 2017 – Nov 2017

#### IT Project Manager

- Acted as the main client contact, managing expectations and communications.
- Allocated resources and assigned tasks to meet deadlines.
- Maintained project documentation.
- Ensured deliverables met quality standards and client requirements.
